About Us

The Hastings and Rother Cancer Support Network is a group of local organisations and care providers that aim to support and help you through your journey, aiming to;

- raise awareness of local services that are available to support you,
- provide contact details and information to enable easy access,
- make sure this important information is available to you when you need it.

In this leaflet you will find a list of local support organisations and groups split into relevant headings. All the services, support, and activities listed are provided free of charge, with the exception of Active Hastings & Active Rother classes which may have costs attached.

The Hastings and Rother Cancer Support Network brings together organisations and teams from across Hastings and Rother that are supporting people living with and affected by cancer in order to:

- Improve joint working, integration and shared learning
- Improve pathways to care and support activities
- Increase awareness and ease of access in areas of high need
- Reduce inequalities in support, care and access

Organisations participating in the Hastings and Rother Cancer Support Network:
